MEMORANDUM FOR: ARC Members

SUBJECT: China Targets

1. Some time ago the ARC agreed to develop preliminary thinking for coverage of ChiCom in the event opportunity afforded. The members were requested to submit only highest priority targets for such planning. CIA/FIC has assembled the targets submitted and issued them in the attached machine run. It is my understanding that a number of corrections of coordinates were made. It may be that therefor you will want to check this list for its accuracy in that regard.

2. It is proposed that in the course of the next several weeks, after there has been time for study of this document, the ARC review this list for the purpose of seeking agreement on which targets we would put forward as highest.

3. You will be notified when this matter is placed on the agenda of the ARC.
